STILL IN SUSPENSE

Are the Holders of Reading First Preference Income Bonds.

By a Party of New York Brokers Who Call Him Several Pet Names.

A SHORT SUSPENSION OF HOSTILITIES

SPECIAL TELEGRAM TO THE DISPATCH.) PHILADELPHIA, January 8.—The holders of Philadelphia and Rending Railroad first preference income bonds are still in auspense. The managers held a brief session to-day, and adjourned until noon tomorrow without taking any action in regard to the payment of interest upon the income bonds. There was a livethe Beading, for President Corbin had some unexpected callers. One of the first trains from New York, to-day, brought to this city three prominent brokers who were loaded for bear. They were Simon Wormser, of the firm of S. & M. Wormser & Con which has a large following of the second property of the firm of S. & M. Wormser & distillers do not ask for a repeal of the interest. speculators among the Hebrews of New York; Altred Scully, a well-known capital-ist and speculative leader, and Mr. Dow, of the firm of Dow, Jones & Co.

Hardly had President Corbin got seated in his arm chair at the Reading general office until the trio gave him a surprise party. The scene was a stormy one, and in language quite free from verbosity, Mr. Wormser told President Corbin that he was a base deceiver, who had no regard for the

Mr. Wormser asserts that within eight Mr. Wormser asserts that which eight days President Corbin told him positively that full interest would be paid upon the first preference bonds, and upon the strength of Mr. Corbin's representation Mr. Wormser and his clients held on to the large blocks of

possessed, and acquired more. After the heat of passion had passed, President Corbin agreed to submit the books and accounts of the company to Lindley Smyth, President of the Pennsylvania Compsny. Mr. Smyth agreed to make the inspection at once, with expert accountants. The mortgage provides that the managers must pass upon the ques-tion of interest not later than January 15, and it is probable that they will delay their action until Mr. Smyth completes his examination and reports to Messrs. Wormser, Dow and Sully, as representatives of the

If Mr. Symth's report regarding the amount of earnings and the disposition of them is satisfactory to the New York brokers, that will probably end the proceedings, but if the report indicates that expenditures were made which ought to have been paid for by the issue of new bonds, a | the possible changes in the City Clerk's strong effort will be made to induce the office. George Sheppard is understood to managers to revise the application of earnings and pay something as interest upon the

ALL GONE HOME AGAIN. Messrs. Sully and Dow returned to New York about 4 o'clock, but Mr. remained two hours longer, and had a long consultation with Spencer Ervin, of Ervin & Toland, who have been prominently dentified with all movements against the

against the re-election of President Corbin.
The election will be controlled wholly by
the voting trustees. Everyone familiar
with Reading affairs believes that the action of the managers in refraining from declaring interest upon the first preference bonds is in accordance with the wishes of Drexel & Co. As Drexel & Co. were instrumental in securing the voting trustees, it is almost useless to protest against the re-election of Mr. Carbin, who is carrying out the will of the influential banking

While it is believed by many that the policy of the managers in charging expendi-tures for construction to the expense account is unfair to the income bondholders, all admit that the junior securities and the stock will ultimately be benefited by it, because the fixed charges are not increased and the earning capacity of the road is im-

THEIR NEW PACTORY DONE.

The Hubbards are now Ready to Turn Out Shevels and Hoes.

Messrs. Hubbard, the ax manufacturers, whose works were destroyed by fire about six street and Railroad, have completed their new manufactory at the Sharpsburg bridge, and are working in it. The new works be longed to the Citizen's Oil Company, and was operated by them for many years.

After the Standard and Globe full gotcontrol
of the oil market, the Citizen's property became useless and was thrown on the
market. When the Hubbards were burnt out, they got pessession of this building, and after a complete renovation converted it into a fine shovel and hoe factory. The company has transfered the ax manufactory to Beaver Falls, and will simply make shovels and hoe sat the Sharpsburg works. There are now some 100 men employed in the works, and when they get the whole place in full working order, it will give em-ployment to double that number.

NEW STEEL FURNACE.

As Addition to the Large Plant of William Clark's Son & Co.

William Clark's Son & Co. are extending their plant. They are putting up a new open-hearth steel furnace on the Siemens Martin pattern, which is nearly completed. The new furnace will have a daily output of 60,000 pounds of steel. The furnace will be built entirely of silica brick. The furnace, being separated from the other openhearth plant, will necessitate the erection of a hydraulic crane, ladle crane, pumps and moids. The cost of the entire work will be upward of \$15,000. There has been within the past year a big boom in this branch of steel manufacture, and there is talk that other furnaces are to be erected around the Grecers Seeking Variety.

Some wholesale grocers of this city feel, it is said, competent to run Long & Co.'s rolling mill, provided they can buy it cheaply. Their views vary somewhat as to what they would be willing to pay for it. One proposition looked to the ruising of \$200,000, and this sum, it would seem, is contemplated with the view that it would purchase the plant and stock it, as some talked as though they expected it could be purchased at near the price bid last Monday.

Death of Minor B. Holmes. Minot B. Holmes, aged 20 years, day recelving clerk in the main office of the Western Union Telegraph office, died yesterday evening of typhoid fever, from which he had been a sufferer for the past three weeks. He was a son of Captain R. D. Holmes, night receiver in the same office, and had been connected with the company for the

A meeting of the William Flinn Republienn Club, of the Eleventh ward, called by Colonel Robert Emothers, was held at the Eleventh ward schoolhouse last night. CHERRY BLOSSOMS.

Officer Young Carried a Twig of Flowers

The prevailing condition of the weather is having a serious effect on fruit trees, and if a very cold spell should set in, it can be set down that the fruit crop will not amount to much in this section next season.

Officer Louis Young, of the Southside, lives on Arlington Heights. Yesterday, when he reported for duty, he carried in his hand a twig of a cherry tree, covered with fully demonths ago, at the foot of Forty-eighth was taken grows in his lot, where there are several other fruit trees in bloom.

Inquiry about the matter developed the fact that fruit trees all over the counties are budding, and the bloss-ms are so far advanced that even a heavy frost would kill the entire crop.

Officers Installed.

Allegheny Council No. 3, Independent Sovereigns of Industry, last evening installed the officers for the year 1890. The new officers are: President, Mary Stuck-rath; Vice President, J. V. "Several years ago I was severely ill.
The doctors said I was in consumption, and that they could do nothing for me, but advised me, as a last resort, to try Ayer's Cherry Pectoral. After taking this medicine two or three months I was cured, and my health remains good to the present day."—James Birchard, Darien, Conn.
